(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright. We have the Sun about to enter Aquarius and then we have Martin Luther King Jr’s birthday and some other kind of lovely trining in the Heavens and other things going on.

So this week the article is about the spiritual dream. It is important to have a specific dream for your ... that is ROQ cat talking... a specific dream or focus that guides you such as a dream of a better world, a dream of being a better person, or a dream of seeing the end of pollution.

So I'm going to encourage you to identify your main dream and then all of the other dreams that you might share.

For example, amongst Light Workers there is often a desire to live in a community that is light based or to have a facility where you are co-sharing a common space or co-sharing a garden.

ROQ is talking and he says "Mama, I love you. Hello. Rono and Ronette". Those are his main ones. Today he's not exactly as clear as normal but he is doing very well.

Alright then. So the spiritual dream... You can also reflect upon the dreams of others who have been in service here on the planet such as Martin Luther King Jr, Mother Teresa, Mahatma Gandhi and any others that you feel would be appropriate.

Alright then. Thank you and my love to you.
