(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright. Vibrant pink. Or even a vibrant pink purple color is going to be very good for most people now. It's going to help stimulate the mind and we do have some high creative energies available this week.

Let's also talk a little bit about mind over matter. You might have tried to use it from time to time and maybe were successful or partially successful or perhaps did not have success with it.

So this is an opportunity to practice it more. Be I'd say more specifically able to train the mind to think a specific way. So if you're working on positive thoughts and positive actions that follow the positive thoughts, this is a very good time.

Likewise, if you are in a negative cycle of thinking, this is probably *not* good timing for you or I'd say very quickly shift it over to positive because you will find that mind *can* rule over matter and will start doing so spontaneously, so be careful where your mind is going.

Alright Dear Ones. As always, thank you and my love to you.

Djwhal Khul
