(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright. Wesak Full Moon. It is quite the pilgrimage and this year more so than ever because of influences of Neptune. The psychic portals will be wide open plus the energies of the Full Moon, so it is going to be quite an interesting time period. I predict some epiphanies, quite a few initiations, depth of spiritual awareness and some profound deep healings are going to come about.

So we'll do our annual [Wesak ceremony](#) where we meet by teleconference and then of course it's recorded and transcribed and then you go energetically with the group as many times as you want to throughout the year working off of those energies, and you know, all from the comfort of your own home or wherever you may be on the planet during that, either the live call or the recording that is up immediately thereafter.

So that will be celebrated on Tuesday the 13th because the energies of the Moon will be in Scorpio. It goes exactly full around the 14th right around noon time Pacific Time Zone which is why I wanted to give us that whole night of energy work with the Full Moon in Scorpio before it moves into Sagittarius a little bit later in the day.

Now, one moment I'm taking a look here, later in the day on the 14th, vibrationally we have deep, deep healing. We also want to request "with grace and ease please".

And this is a time to renew your vows of service, whatever they are: service to humanity, the animal kingdom, the plant kingdom, the mineral kingdom, Mother Earth, Spiritual Hierarchy, Office of the Christ, Office of the Buddha, the Galactic Forces, etc. This is your time to really ceremonially renew for another year.

Alright Dear Ones. As always, thank you and my love to you.
