And here is Djwhal Khul's latest Spirituality Article, information complimentary every Thursday:

(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright. Well this week I think "Hope" is the keyword and how to work with the energy of hope.

We're going to be experiencing kind of a lot more hap-hazardous occurrences. Be very careful. I recommend the words "I choose safety", and even to the point of "I choose safety at all times for myself and all those around me." Something of that nature.

So keep choosing safety. Slow down. If you notice that you're getting a little stressed or anxious, it means slow down or completely stop and get your center back before you proceed. So you'll see a lot more errors or mistakes that can cause, say, accidents or danger in some way.

Hopefully you'll avoid it in the first place. And then in terms of Hope, something to spread on the inner planes for those who need it because there are many dealing with strong things right now.

So let's work with Hope like an energy that you can channel or like a direct aspect of Creator that can be flowing through your body at all times. So we just want to see that coming in through the Crown chakra and just flooding through the body and just kind of gently, it's not a strong energy, it's a slow gentle energy; it just radiates in all directions.

Alright Dear Ones. As always, thank you and my love to you.
