(Channeling begins)

Djwhal Khul here. Tashi Delek.

This week’s topic is on wounds, wounded healers, Chiron, which represents the wounded healer going retrograde in what I call the psychic sign of Pisces and will stay there till November 23. That happens in the early morning on Friday June 20, I believe it’s about 5:40 – 5:45 am Pacific Time.

The Summer Solstice follows the next day. So we’re looking at a kind of more powerful combination of these things and starting on the 19 June we have fiery emotions being stirred up. For many lightworkers, you feel those a day or two ahead because you might be on the first or second wave. Humanity generally gets the third wave.

So again, I recommend tapping: TFT for Thought Field Therapy if you know it. EFT for Emotional Freedom Technique. It's a spin off but still effective. There's Faster EFT. NLP. Jogging rope. You know whatever it takes. For some of you it will be do something physical so residual anger can work its way out of your body and various frustrations.

So you might find yourself sad in the morning at the loss of a friend or a loved one or a relationship. So this is a time before Chiron the wounded healer goes retrograde and then we also have the Solstice energy so strongly to really let go of old wounds.

And I do say maybe even call in your MAP team, that's your Medical Assistance Program, and work with consciously feeling things draining out of your body. If nothing else do whatever you can to open up acupuncture meridians and discharge any congestion in the body.

Alright dear ones. Thank you and my love to you
