And here is Djwhal Khul's latest Spirituality Article, information complimentary every Thursday:

(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright. We're on a New Moon essentially. We've got Chiron retrograde in psychic Pisces sort of kicking up old wounds and when they surface, don't hold on to them and rethink them. Just get it out of the body, get it out of the system, get it out of the aura. Use whatever tools you have to do this.

And really practice being in the present moment: what is true right now and how do you want to feel right now.

Now the New Moon kind of adds emphasis to that. Mercury is still retrograde although it will go direct on July 1, it's not going to feel like it's direct, in fact I think it's going to feel even a bit more muddled maybe for another 5 to 7 days. Worse than what it was during the actual 3 week retrograde.

So do be cautious there and continue to clarify your communications and others' communications.

Alright dear ones. As always, thank you and my love to you.

Djwhal Khul
