And here is Djwhal Khul’s latest Spirituality Article, information complimentary every Thursday:

(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright. I want to spend a little bit of time here getting really kind of sinking into the consciousness. And if you want to work with any of the Ascended Masters or the Angelic Kingdom or other great beings by melding with their consciousness, then we just sort of get that settling in or sinking down feeling until it feels like something clicks in place. So give that adequate time if that’s what you’re playing with.

Now this week I want to talk about change. And particularly a change of course. Now I could make a play on that saying “Change, of course” because Uranus is going retrograde, we’ve got Jupiter in

a new sign, we've got Venus will be in a new sign. The emotions are still sort of coming up to be cleared dynamically in most cases. So it is about change of course for the better, self-improvement, spiritual growth, etc. and all of that is accelerated during this time period.

Now regarding a "change of course" as in your course is changing, you may find yourself at that junction during this time period, especially with Uranus retrograde which lasts about five months, stopping on the Winter Solstice and goes direct again.

So be prepared for different everything, it could be career, a different budget, all kinds of things going on. I'd say in general, this is a time to go as lean as you can with your budget and watch the money. Venus is going to be bringing home a lot of things. Our attention toward the home, and resources might be a little bit spread too thin. So do be careful.

Alright. As always, thank you and my love to you.
