(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright. This particular week I want to talk about invoking Joy and how to create as much Joy in your life as possible. So I am going to work with the beautiful [9th Ray](#) color which is blue-green and when we take it up an octave or two, we end up with something that is sort of a pale aquamarine color, very clear, very high vibration.

So I'm just creating that energy field right now so you can start to absorb it. Sometimes you'll get goosebumps or something kind of moving in the body there that will be an indicator that the Joy is getting through.

And then we have an angel that sort of specializes in Joy and free flowing. Her name is Alazaro. Alazaro is quite comical as well. So she has a good sense of humor and she will help you if you call upon her.

Another invocation for Joy is simply to proclaim it. Like

"I am filled with joy."
"Joy floods my body."
"Joy! Joy! Joy!"

and put a little bounce in your step while you're walking and smile with the thought of bringing more Joy into your life.

This is a time period where it is important to be more joyous to help other people find some Joy in their lives and in whatever way possible spread the cheer to others. So

"I welcome Joy in my life."
"I welcome bushels of Joy in my life."
"I welcome Joy in every fiber of my being."

Good. And just keep playing with that and have as much fun as you possibly can.

As always, thank you and my love to you.

About Reverend Terri:

Terri Newlon is a world renowned spiritual teacher and conscious voice channel for Ascended Master Djwhal Khul. Djwhal Khul has worked through numerous channels, including Madam H.P. Blavatsky and Alice A. Bailey, and is well known to spiritual students. His work through Terri began in 1980 when she studied under Janet McClure and The Tibetan Foundation, Inc., and has resulted in an extensive online global support system of practical spiritual teachings.

She is also a gifted Health Empath and has trained thousands of mediums and psychics. One of her specialties is instructing other natural sensitives how to turn on and off their abilities so they can live well-balanced lives, without neglecting their own physical, emotional, mental and spiritual requirements.
