And here is Djwhal Khul’s latest Spirituality Article, information complimentary every Thursday:

(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright. Well, we’re sort of in a very interesting time period with Chiron getting ready to go direct; the Sun and the New Moon will both be in fiery Sagittarius at the same time over the weekend.

So this weekend coming up is a potent one and then beyond that I’m going to say what I see is a speeding up or acceleration where more stamina is required and the ability to be more efficient, be more productive, have your energy hold up well.

So this one is an invocation for strength and really kind of, well we talk sometimes about just requesting strength and courage in general for personal and spiritual development. However this is more kind of like the strength to run a gauntlet or something because it is going to be a strenuous time.

The other thing that I will mention before I give that invocation is that we're going to see more anger surfacing, agitation in general. When it surfaces for you, dismiss it, clear it and go back to a positive thought consciousness as quickly as you possibly can.

What I am seeing already in Humanity would be the tendency to be angry and blame other people for it and so there is a lot of backlash going on on the inner planes and you do want to protect yourself against that and also avoid being a participant in it.

Alright so the invocation:

“Three Star One give me the strength and the speed to accomplish all.”

Alright Dear Ones. As always, thank you and my love to you.

Djwhal Khul
