And here is Djwhal Khul's latest Spirituality Article, information complimentary every Thursday:

(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright. Well we're technically pre-recording this because you know all of the articles go out every week for those who have subscribed to them and we do them ahead so that the ladies that run the office and all can have their time off and the channel can have her time off so we have, we say the office is unwomanned during the holidays so Janet and Terri both are off.

Now this year, I do want to talk about it because it is a turnaround year. We are finally going to see the end of the strenuous things coming about, the Uranus Pluto Squares, the Blood Moons will finish up sometime during the year.

We're going to have a lot of changes basically but essentially, I'd say, well I actually gave it a formal title, "**The Year of Turnarounds And Positive Changes**" basically.

So in your own personal life think about what turnarounds you are ready for, what positive changes you're welcoming in your life. And then on the global scale, same thing. Maybe you'd like to turn around the problem of world hunger. Perhaps you'd like to purify water on a mass scale. That sort of thing.

Really use your energy in positive directions because positive changes can come about and will come about from lessons learnt from the previous years.

Alright Dear Ones. As always, thank you and my love to you.

Djwhal Khul
