**Happy New Year everyone!**

And here is Djwhal Khul's latest Spirituality Article, information complimentary every Thursday:

(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright. We're about ready to work with setting purposeful intent for the year 2015 and we have a full [Tele-seminar](#) on that coming Friday. And I would say this is a time to really kind of be looking at deeper insights.

It's a turnaround year and there is a lot of room for positive changes unless you are being resistive and then you're going to get changes brought about by negative circumstances.

If you look at the news and what not, you'll see this reflected already in what's going on in different communities around the world.

So we want a positive outlook, positive intention and then very consciously leaving all of the necessary changes up to the Higher Self and you can also request "With grace and ease please" and I do strongly suggest that you do that.

Now change particularly for the first 6 months of this year is going to be rapid, often unexpected and I would say for most, you know the way the human mind would interpret it, not really welcome but again you want to think more from the Higher Self perspective, from the greater picture, that these necessary changes are coming about.

So change; be positive; be open to something completely unexpected and request "Grace and ease please".

Alright Dear Ones. As always, thank you and my love to you.

Djwhal Khul
