And here is Djwhal Khul's latest Spirituality Article, information complimentary every Thursday:

(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright. We have just had Mercury go retrograde in Aquarius while the Sun and the Moon were in Aquarius and it doesn't go direct until February 11. And then it's going to stay muddy for a few days so even through Valentine's Day expect muddy communications.

So this is a time to double and triple check everything. And I'm going to say it extends to even numbers if you're doing accounting and that sort of thing, just really take your time. Don't try to rush through things. Think in terms of everything slowing down and getting clarified.

Then what's coming to the Earth now is a very interesting new energy and I would say it has a scrambling effect on top of the Mercury retrograde, so it's going to feel kind of like, even in the body, like all the circuits are busy. Maybe electronically having trouble with things crashing, that sort of thing. Signals getting jammed. It's an energetic but it is sort of a galactic pulse if you will, that is adding to the dynamic.

One of the best things that you can do is really simplify the consciousness, try to clear your thoughts, move into the feeling of Love and let that be your center and see if that doesn't help quite a bit with being able to ride out this time period. So everything you do, everything you think comes from the center of Love and only from Love.

Alright Dear Ones. As always, thank you and my love to you.
