(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright. Well, we have Jupiter having gone direct, that should get a sense of better budgeting, financial energy moving forward, kind of coming up out of maybe a strenuous time in that regard.

We have some other sign changes and things going on but basically what I see happening here is blossoming. That it is really time to bloom or to fully blossom as a lightworker, as a human being, as someone growing spiritually, maybe as a love relationship partner, or as a parent or as a child, whatever your roles are, to really allow yourself to blossom.

So think in terms of really kind of *beautifully* showing off your full expanded self. That would be the way in which I would put it and then just more on a practical level this is a time to maybe redo the budget, think in terms of what can I do to conserve or to get debt free or to purchase a new item that is needed or wanted. That sort of thing.

So it's a good time for numbers and luckily, in the USA here, on the last week of taxes as well. So numbers should be a bit easier for most of you.

Alright Dear Ones. As always, thank you and my love to you.
