And here is Djwhal Khul's latest Spirituality Article, information complimentary every Thursday:

(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright. This week I want to address that we're kind of on the fringes here of this Jade Helm 15 starting in a specific area where this channel Terri Newlon actually lives. So, it's going to be kind of

interesting to feel the energies shifting and changing and quite frankly spiritually it's the presence already in place of certain personnel that have been here for a few weeks now. So very interesting energy field that comes with all of that and then heavenly there is a lot going on as well. Next week I'll probably have some more specific information about that.

This week I want to talk about life, how physical incarnation actually gives you power. It's not something that you see touched upon all that much in a spiritual sense because usually there's a focus of "How do you ascend?" "How do you graduate and get off the planet?" and that sort of thing.

But essentially "Life gives me power" would be the mantra I would give you because full physical incarnation on a planet like this where you have the [Adam Kadmon](#) body style and you're integrated on all your planes of consciousness: physical, emotional, mental, spiritual and ethereal. When you have that, you have a *tremendous* amount of power. You can grow fast spiritually. Evolution can be sped up with conscious choices made in connection with spirit. It is really a powerful place to be.

I often talk about the cellular structure as well and the cells are designed to be infinite. So if the cell wall can receive nutrients and kick out toxins it will continue to process through its cycle and will continue at that same age, maybe ageing very, very slowly.

But ultimately if we look at the concept of life, the *most* amount of power is within incarnation. So much so that even when the body has given out and death is imminent, one will struggle to hold on to life even knowing that it would be a whole lot easier to just transition and get to the other side. So "Life gives me power!" Really think about that and ponder on it and also watch out for other synchronicities this week and ponder what meaning they might have in your life as well.

Alright Dear Ones. As always, thank you and my love to you.
