(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright. This week we have kind of a big energy for the world, with the New Moon Solar Eclipse. Then we also have the Nine Eleven memory for the USA and other places that were affected by that. So I want to say, also, we’re getting ready for a Mercury retrograde and a few other things going on.

So the energies are rather intense while, Rosh Hashanah also, I didn’t want to forget that one. So we have intense energies building, some miscommunications firing and a lot of old memories or emotions building as well.

I'm going to say in general, I get a kind of dark brooding moody kind of energy with a lot of people rather than 'Let's celebrate freedom', 'Let's celebrate freedom of religion' especially. Different things like that. Or appreciate, be grateful for what we do have and honor those who serve and that sort of thing. I see kind of a damper on that. More so than usual probably because of the New Moon and the eclipse.

So I'm going to say hold in gratitude, freedom and if you can extend that to embrace others for freedom, maybe impoverished children, those who live in countries where they cannot be free. Really hold the energies of freedom.

Alright Dear Ones. As always, thank you and my love to you.
