(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright. Well here we are. The Mercury retrograde has been in effect for about a week throwing off electronics, e-mails, cell phone issues, verbal communications and it's going fully retrograde now for its usual about three weeks and another week on the tail end of the storm.

So I suggest you commune with Mercury and literally say "Mercury have mercy". And then also "I choose clarity" "I choose safety" "I declare protection", things like that. Just really use a lot of what are typically called affirmations. I call them declarations.

Then you're speaking really to your own higher power and to the reverberation of Oneness. So you're putting it all the way out there to come all back to you in the full statement. So more so than "I AM" because parts of the subconscious will recognize that is not aligning with what you're choosing. So "I choose" and "I declare" are probably the two safest ones to go and "Mercury have mercy". Now the fourth Blood Moon of the Blood Moon sequence over about two years now is coming at the end of this month. We also have Pluto going direct and a lot of other things going on.

Financially as well is going to be a very strenuous time period so Mercury being retrograde on top of that really adds to it. If you're interested in joining us for the [Blood Moon Tele-seminar](#) that will be live on September 24 and Pluto will go direct later that evening and then of course we always have a telephone recording and an mp3 audio and then a transcript to follow. So you might want to participate in that. The Blood Moon is actually on the last Sunday of the month, September 27.

Alright Dear Ones. As always, thank you and my love to you.
