And here is Djwhal Khul’s latest Spirituality Article, information complimentary every Thursday:

(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright. We’re going to work with a violet flame, just sort of swooshing up the whole body here, enjoying violet flame or violet fire as a purification. We’re in a time period that I have entitled a ‘Deep Crevice’ because there is a kind of unknown gap essentially, energetically and then how that manifests is up to collective choice.

And then we have Christmas Day landing with a Full Moon and Uranus going direct in Aries. It makes for a very interesting time period.

Uranus brings about twists and turns and changes and Aries is a fire sign and it can move quickly like a wild fire as well.

So again, it's go with the flow. Expect the unexpected. Deal with it when it arises and really try to keep your spiritual wits about you because that will be quite helpful. Also just as a general practice, I would say keep generating peace within yourself and sending it to the Earth.

Alright Dear Ones. As always, thank you and my love to you.
