And here is Djwhal Khul's latest Spirituality Article, information complimentary every Thursday:

(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright. We get a little bit deeper here. For those of you unfamiliar with the channeling process, you can sort of start into it and then come fully empowered with it, much like you might start into a project a little bit distracted and then really delve into it 100%. So in the channeling process, you can deepen your connection.

What I want to talk about this week is to how to best use healing powers from all sources. If you are not yet familiar with the medical assistance program you might want to read Machaelle Small Wright's book "[MAP or Medical Assistance Program](#)". You can also intuitively work with asking the

consciousness that's already present in the body for healing. You can ask for healing from all realms known and unknown. You can certainly do a number of things including requesting angelic healing, etc.

Mostly what I want to remind you of is that you are 100% programmable consciousness and everything has intelligence. So, for example, if you have a toothache, talk to the pain, talk to the tooth, talk to the nerves, talk to various aspects of the consciousness. You might be guided to put some numbing gel on it or ice it or go on your way to the dentist, any number of things, but pay attention to your own intuition and invoke healing from everywhere.

Alright Dear Ones. As always, thank you and my love to you.
