(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright. Well I think that this is a time for integration and invocation. So we’re in the time period between the Wesak Full Moon and the Full Moon of Humanity, this particular year it came early. And we have a kind of powerful set of energies going on: Jupiter just recently went direct and that does affect things. That’s still being integrated but that it should be finished soon. Then we have Mercury still retrograde. So interesting things are coming up. But for light workers a Mercury retrograde should be fairly mild, those who are consciously addressing it anyway.

The cat is playing with an ink pen on the desk here, adding sound effects.

So integration is currently looking like perhaps needing extra sleep, sleeping very hard, waking up tired, needing a nap in the afternoon or mid-morning even. So if that's happening, that's part of the process.

There are also some very interesting things going on in dream planes as well.

For invocation, I'm going to suggest you use direct statements like "I invoke Love" or "I invoke Luck", "I invoke Grace", "I invoke Healing". So try those as power statements and I think that you will rather immediately get the benefits of those.

Alright Dear Ones. As always, thank you and my love to you.
