(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright. Well this week I think I want to talk about Neptune going retrograde on June 13. It’s going to be quite a powerful experience. There is sort of what I would call a Neptune awakening now and it affects primarily the Third Eye centers. It is also affecting telepathic communications with animals, well, really, all intelligence. The Third Eye center is more sensitive and even hyper sensitive in some.

So watching your thoughts and doing your best to project positive pictures and words. That would be wise. It’s going retrograde in what I would call Psychic Pisces which adds more emphasis to it.

So you might have more productive dreams, get more messages in general or more intuitive connections. So by all means practice with the Third Eye, so like going in slow motion backwards, a lot like a Mercury retrograde would have an affect on communications.

So enjoy that Neptune energy.

As always, thank you and my love to you.

Djwhal Khul
