(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright. Here I want to talk about the Flow of Creation and how you can just be still and have the Flow of Creation seemingly going all around you.

So the exercise is something like when you see depictions like jumping the warp speed in space and you have stars zooming past you, you just want to kind of be still and centered and grounded. So you have awareness of the bottoms of the feet, and maybe the sense of the taproot going down

the tail bone going down into the Earth and then just feel the flow of that creative process just zooming past you.

This is one of the key elements of time travel or transcending time and space, which is more accurate, and to just simply being present in the moment and going with the flow. It's a very peaceful state of being.

So I'm just making sure we have the flow of the energy here. Hopefully you can feel it quite nicely. And perhaps the mantra could be "I go with the flow."

Alright Dear Ones. As always, thank you and my love to you.

Djwhal Khul
