Right here we go. We've got all the animals today helping. I hope Panther the Miracle is walking around the desk right now, hopefully he won't walk into anything. There we go. Found a spot. Alright here we go.

And here is Djwhal Khul's latest Spirituality Article, information complimentary every Thursday:

(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright. We are going to work with a gold colored light coming into the crown chakra please. And we want to allow the golden color to permeate every cell in the body and even looking at a sub-cellular structure, we want this gold color, [12th Ray](#), to begin a deeper process of Enlightenment.

We are in a time period now where there's going to be very quick twists and turns and rapid changes and the gold color will allow you to heal and transform more quickly on all levels, especially the physical body and the emotional body.

The mental body during this time period, I'm talking about a 2 month time period here, will be most potent with the Sun in the sign of Leo, so that's coming fairly soon here. And then as we get into that Full Moon eclipse in September, it's also going to be very strong. So just to know that it's strenuous and you need to support yourself on different levels, physically, emotionally, mentally and spiritually.

Mentally may be the strongest challenge for most. It will require letting go of belief systems so I am going to encourage you to just practice. Rather than looking at a friend and thinking "Oh! That's the person I went on my first skiing trip with" or you look at a relative and think "I remember the time he was throwing pumpkins on people's porches" or whatever, just drop all of the beliefs and look spirit to spirit.

And political candidates, shooting sprees, everything, drop all the beliefs and look spirit to spirit and fill yourself with that gold light and let it take over the transformation process for you. It will be the quickest way to kind of glide through.

Alright Dear Ones. As always, thank you and my love to you.
