(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright. We're getting a little more momentum here, a little more friction from the Universe, a little more friction within Humanity, things heating up and a lot more frequent opportunities to make choices. I'm going to also use the word "chaos". I see a lot of kind of chaos around the planet, just sort of erupting suddenly. That can be angry tempers, people arguing over politics or religion or whatever it is. So I see a lot during this week.

I'm going to remind you that chaos is an option. You can opt out. And one of the main things you have to remember is that if something is stirring, and that can even be on social media, one of the quickest and easiest ways to deal with it is simply to remove yourself from the equation.

So leave, take a detour, don't respond to something in social media or by email or verbally or whatever. Just sort of remove yourself, or kind of just retreat is the way I want to say it. In certain cases of true physical danger, you would want to run, or flee or hide or something but in most of these cases it's just to be the conscious choice not to engage in chaotic patterns and remember that you can go with the flow and get back synchronized with the flow of Creation and find that path of comfort as your choice.

Alright Dear Ones. Enjoy going with the flow. And as always, thank you and my love to you.
