(Channeling begins)

Djwhal Khul here. Tashi Delek.

Alright. We have a very interesting Solar Eclipse happening and I want to talk a little bit about the energies associated with that.

New Moon in Virgo and just having Mercury Retrograde also in Virgo gives it kind of a little double emphasis there. I am going to say that it is an opportunity to align your emotions and to get very, very clear. And we've been talking about getting inner clarity rather than looking outward as a

reflection, but just to line up and get very, very clear emotionally and to start fresh with a new emotional palette basically. Like all your pink colors have changed and now you've got a fresh canvas and you can start creating anew. So especially a good opportunity for letting go of old negative emotions.

Alright Dear Ones. Enjoy! the eclipse and the energy behind it. It's almost like a staircase, literally you can just keep stepping up that reorganized emotional self and you can design what you want your life to be, emotionally especially.

Alright Dear Ones. As always, thank you and my love to you.
