Djwhal Khul here. Tashi Delek.

Alright. This week we have a lunar eclipse in Leo, that is on February 10, and then, of course, the classic Valentine's Day, February 14.

So I want to talk more I think about the lunar eclipse because it is quite powerful and you really can request a leap forward in any particular direction. So in other words, if you want to leap forward with your career, leap forward with your relationship, or leap forward with your wellness, that sort of thing, pick one direction in which you want to leap forward or leap across some sort of hurdle or something. So that is the best way to use that energy, I think, for the masses.

Then we have some other kind of configurations and whatnot coming up, but overall I think that the Unconditional Love energy, Divine Love, Divine Feminine Presence is going to be fairly strong. So again we want to keep sending power to that aspect of Creation.

Alright Dear Ones. As always, thank you and my love to you.
