Djwhal Khul here. Tashi Delek.

Alright. So Tashi delek is like Namaste, translates to a greeting that a happy high level soul being that you are. So it's a blessing greeting.

This week of course I want to talk about Halloween preparation. Halloween is a time when the veils are the thinnest and as they say the underworld can walk the earth. So we have costumes. Then we have the Day of the Dead. We have All Saints Day, kind of a bundle wrapped up there.

But generally speaking it is a time to celebrate with a high frequency as a light worker. Maybe dress up as an angel or a saint of something that brings higher vibration in or a good witch, that kind of thing.

In terms of the underworld surfacing, the children tend to be able to see some of the scarier spirits and thus we work on the inner planes to protect children, those who are not physically well enough to have a strong aura of protection above them and then for those who are really psychic and wide open, you also want to put a protection around the aura.

So the shape I recommend the most is an egg shape and you see it well beneath the feet to well above the head so if you stretch your arms way up above your head you could not quite touch the top of the egg. And then I want the egg filled with pretty bright light, like golden white, or rainbow, it could be any color, maybe even a bright blue, any color that seems to serve you.

And then the outside of your egg, you want it painted in a way that cloaks it like a flat black or it could be shiny, like shiny chrome or something like a mirror finish. And then you can put these protections around children, sensitive animals, the sickly, the elderly etc. as well as your own auric field.

Alright Dear Ones. As always thank you and my love to you.
