Djwhal Khul here. Tashi Delek.

Just a quick note to let you know we'll be doing the [Quarterly Forecast](#) for the first three months of 2018. It takes place on December 1. The live call, there will recordings and transcripts. So if you're interested in that, it is going to be quite a powerful year.

Then I want to go to Mercury going retrograde and Chiron going direct because that happens during this week that we have here, before my next Thursday update.

The Mercury retrograde will be quite powerful. I think you want to really double and triple check for the holidays and everything that has already been put into place. Typos, errors, misunderstandings, electronical failures. Maybe back things up in pen and pencil, literally on paper, or at least two or three different devices that aren't related to each other. So it's going to be interesting. Then lighten up with that. You know if something is not going exactly as it was

planned, just say, oh giggle, push it aside, make a joke about it and keep going. Go with plan B, plan C, plan D.

Then our Chiron going direct. That one as I like to say in Psychic Pisces, that watery extra potent Pisces effect right now which is really stimulating a lot of intuition and Third Eye development and supernatural experiences. That will be on December 5, early hours of the morning. I think since it's been retrograde since July 1, it has had this kind of let's rake over it backwards, let's review it again, let's work with healing potential. And for those focused on lightwork and self-improvement, it has really been beneficial. For those who are not, it has mostly manifested as health troubles and some other concerns. So going direct I think is going to really help and our [VIPs](#) will do a call that day titled "Chiron Engaged". We'll really work very, very deeply with it.

So as always, have fun with what is going on, especially when it is a cosmic thing that you really don't have any influence over and remember that it is a journey. It is not about things going the right way or the wrong way. It's just a journey.

Alright Dear Ones. Thank you and my love to you.
