Djwhal Khul here. Tashi Delek.

Let me get a little bit deeper into the channel here. There we go.

Alright. So we're getting towards the end of the year. There's a lot going on. Hanukkah is in process and we have a Mercury retrograde, there is a lot going on.

But what I want to discuss is the New Moon over the weekend because perhaps more so more than other New Moons, the start of the cycle, when this moon is dark it's really about a New Moon and a New Start. So you can kind of start fresh from that moment forward and I would encourage you to think about what kind of steps you want to make in a new direction or something of that nature.

Then we get ready for Solstice and the New Year, Christmas and Kwanza. So there's just kind of a new start. It could even just be higher energy levels for example. So think New Moon New Start.

As always, thank you and my love to you

Djwhal Khul
