Djwhal Khul here. Tashi Delek.

Alright. Well we're just, just, still in the energy of the Super Blue Moon with an eclipse and a blood moon; still the energy is quite powerful. And we're entering a time period where the veils between the planes of consciousness are very, very thin, much like they are at Halloween but even more so.

So we have a Tele-seminar coming up called [Metaphysical Viewing](#) in which I am going to teach how to work with it from a masterful or angelic presence rather than psychic spying or remote viewing.

And this is just really kind of a head's up that you are going to be both receiving and transmitting consciously and unconsciously so be very, very careful about what you're thinking and what you're sending and what you're receiving. Remember that what goes around comes around so you want to send good thoughts and love and healing and then allow yourself to receive it.

And then if someone else happens to be sending you negative energies, you just say "No thanks. I refuse to play." And much like if someone is handing you a present, they have a gift-wrapped present and they are handing it to you, and you just don't lift your arms up. You actually refuse to take the gift. They can't actually send you something that you refuse to receive. So "No thanks. I refuse to play" if it is negative and of course all of the positive goes around, comes back, goes around, comes back. Do by *all* means keep that energy flowing.

Alright Dear Ones. Thank you and my love to you.
