Djwhal Khul here. Tashi Delek.

Well *now* we have Mercury going retrograde in Aries. It's been a little bit stormy and now full fledged. Will stay retrograde until April 15.

So this is a time to be very careful about what you are hearing others say or how you read an e-mail or interpret a text message, that sort of thing. And also on the sending end of communication, you want to make sure that you are being as clear as possible and that people are hearing what you *think* you are saying.

So this is an especially tricky Mercury retrograde. Also think there will be some scrambling of data from time to time so maybe losing a phone number or accidentally deleting some text messages and that sort of thing. So just be on the lookout for those things.

Alright Dear Ones. Thank you and my love to you.
