Djwhal Khul here. Tashi Delek.

Alright. Well, this week we have Mercury going direct in Leo and it has been a rather strenuous Mercury retrograde. So I'd say there is going to be some fire power with it because of the sign of Leo but it is also going to look more like fireworks going off in all directions, like something went wrong with the fireworks display.

So be careful about your communications. You may want to lay low. You may see a lot of backstabbing going on in social media and that sort of thing and you may just want to pull back out and away from it as much as you possibly can.

Then well we have a few more things happening that kind of compile the situation a bit but basically things are just going to be a bit tricky so move into a state of Divine Love as often as you possibly can.

Alright Dear Ones. Thank you and my love to you.
