Djwhal Khul here. Tashi Delek.

Alright. Well let's see. We have just had Mars going direct. Saturn will be going direct soon. Basically things are getting put into, well, put into order.

So in terms of light workers, you may have felt like you're in limbo, you don't know what direction to go in. Things are starting to line up. I also call that a coin toss and the coin hasn't landed yet so you don't know your next phase of service, or where you might want to live or move, or how you might want to modify what you have to offer, etc.

So once we get a little bit more past Saturn direct and into September somewhat, I think things will start looking better. It is literally almost like the roll of the dice and just see what you end up with or you toss a coin, and it lands heads or tails, and that's where you go next. So hang in there.

Do stay positively focused on what you do want and when the negative energies start to surface in, toss those out. Just don't give them power. So what you want to feed is the positive energy.

All right Dear Ones. As always, thank you and my love to you.

*Djwhal Khul*
