Djwhal Khul here. Tashi Delek.

Alright. I'm going to get just a little bit deeper into the channel here. If you work with channeling at all you know you can have kind of a light connection with the medium and a deep. And I want to go a bit deeper. I don't always for these Spirituality Articles but today we prerecord on Yom Kippur and because it is a Day of Atonement, there is quite a lot going on, on the inner planes and also in the aftermath of hurricane Florence, and a lot of animals in distress, etc. So there is a lot going on on the inner planes. Please keep sending out waves of Love.

Now we have the UN International Day of Peace, we have Fall Equinox, Sun entering Libra and then a *beautiful* Full Moon and with Sukkot beginning. So we have a very potent week.

I think that because it is so busy on the inner planes and because Equinox, both Fall and Spring, is a time when chemistry changes dramatically in the body: taste buds may change, moods most certainly. We always work with a brain balancing which we will be doing on our call on Friday. We have a [Tele-Seminar for the Fall Equinox and a Brain Balance](#).

In the meantime I would say imagine the symbol of infinity, or a figure 8 laying on its side, inside your head and maybe something like a white ping pong ball just moving around that figure 8. And you can trace it with your eyes or you can put your fingertips pointing to your head, out in front of you and make the symbol of the figure 8 and feel it working inside the brain.

So we want the sense of emptiness with this figure 8 track and one white ping pong ball just sort of floating around, maybe a little bit smaller, floating around effortlessly in that symbol of the infinity.

Alright Dear Ones. Thank you and my love to you.

*Djwhal Khul*
