Djwhal Khul here. Tashi Delek.

Alright. So we have a lot of angels of enlightenment making things a little easier for humanity and you can certainly continue to call upon them.

This week we have Mars moving into Psychic Pisces. That can be a very interesting development. We'll be watching how things go with that. It was doing better in Aquarius but will go to Pisces. So, then we have Venus going direct in Libra and Mercury going retrograde in Sagittarius where it's also got Jupiter in there.

So I'm looking at this particular Mercury retrograde, generally about three weeks but the muddiness always starts about a week before and ends 3 to 5 days afterwards. So it really takes about a month, a full month, of this type of energy. You can expect major misunderstandings and technological problems. So we want to be careful with all of that. Double and triple check your

communications that they were heard the way you intended them or you typed in a text that actually got sent the way you meant, rather than spell correct and changed the context, etc.

I think for the most part Venus love energy is going to be quite helpful to the lightworkers. You'll probably notice this Mercury retrograde.

Alright Dear Ones. As always, thank you and my love to you.

*Djwhal Khul*
