Djwhal Khul here. Tashi Delek.

Alright. Well! We're into the New Year. This is the Year of Alignment with Higher Good and like it or not, things will start aligning with Higher Good and depending upon where we are in the process of enlightenment, Higher Good may be familiar and welcome and it might be foreign and unwelcome. So it will be interesting and particularly so when we get into that first part of March, although the second week of January there is a lot of shifting and moving and maybe job changing and finances need to be in order by March 6th - 7th, right around in there because there are some shifty ground.

So currently what we have *this* week is Uranus going direct under the influence of a New Moon and a Solar Eclipse. So here we have changes, shifts, turns, higher spiritual government, that sort of thing happening and it's going to be quite powerful. So it goes direct in fiery sign of Aries and I

think, well, I would say, fasten your seat belts, it could get interesting. Be willing to shift on a dime most certainly.

Alright Dear Ones. As always, thank you and my love to you.
