Djwhal Khul here. Tashi Delek.

Alright. Well, some celebrate Valentine's Day. I'll make a note that Mars moves into Taurus and if we couple that with some very feminine Venus energies in the year of Earth Pig it can be quite a productive cycle for getting things done. We're upon another Super Moon. There are three. This will be number 2 of 3 this week. We also have a few other things going on with Chiron and healing and other opportunities. So mostly well the Sun entering what I call Psychic Pisces so a *big* week.

What I want to talk about is that some of you are familiar with the pain body and that this is quite a strong opportunity to replace that with a Self Love body.

So let's focus on a Self Love body and then just ask that you continue to grow with so much Self Love and that you are then able to give to others what you have which is Self Love, that eventually this pain body no longer needs to exist because the strength of the Self Love body is so strong.

Please also note that we have quite a bit of angelic and Divine Love now gracing the planet. You can ask to literally absorb that and embody it. Give it voice, give it motion, give it creative expression. So this is all about the construction of the Self Love body.

As always. Thank you and my love to you.

*Djwhal Khul*
