Djwhal Khul here. Tashi Delek.

Well Happy Losar. That is our topic for this week. Losar is the Tibetan New Year classically celebrated the New Moon after Chinese New Year. So I like to honor both the Chinese New Year and the Tibetan New Year. So in terms of a Tibetan New Year, we're still working with pig or wild boar kind of energy, determined energy, grounded, close to the earth, sniffing the earth, protecting the young, determined to succeed so the energy of Losar is strong and it's building upon the Chinese New Year.

Then I would also say it's just a good time to be productive. Our theme this year overall for 2019 is Alignment for Higher Good. So you want to keep bringing in that energy. And line up projects and prioritize things because it will start the energy flowing and having them down on paper and prioritized is going to be even more powerful. So you can ride in on that energy.

Now also because Tibet is the rooftop of the world and prayers Om Mani Padme Hum prayers for world peace always are radiating from the plateaus of Tibet and also of course Mount Everest and the energies around there, a lot of Tibet shamanic energy still praying for world peace. So soak some of that in and take it as inner peace and then spread the peace out in your own personal life as well.

Alright Dear Ones. Thank you and my love to you.
