Djwhal Khul here. Tashi Delek.

Alright. Well this week is all about communications getting a bit clearer, the mind actually getting a bit clearer, the mind literally kind of reorganizing, so if you were reading a spiritual book and it wasn't making any sense, it might make sense come this weekend. If you were trying to repair an electronic and couldn't figure it out, it might come together as soon as Mercury finishes coming out of its storm. Or you were stumped on something and now you have ideas so that would be one of the things we're experiencing. I think perhaps most noteworthy would be that we have Uranus in Taurus now for seven years affecting money on a global scale.

And then we have another focus on April 10. Jupiter will go retrograde in the sign of Sagittarius which is fire and expansion. So we will have a Teleseminar the day before so on April 9 we'll do a full Teleseminar to work with that. This is just a short little thing saying remind yourself to get the benefit of that rather than the downfall of it. So you want to focus on your positive benefits and

your positive outcomes and how you can prosper in this time period as a lightworker and a world server, a humanitarian, someone devoted to helping animals and what not. So making Mother Earth a safe sustainable place. Just really focus on your service work benefiting you. Then we will be building up to the Full Moon of the Christ, then the Wesak Full Moon also called Buddha's Full Moon and then the Humanitarian Full Moon. So we have three more; we've past three powerful moons and we have three more to go. And they will have strong effects.

So prep for Jupiter retro in Sag. That's your work this week.

As always, thank you and my love to you.

*Djwhal Khul*
