Djwhal Khul here. Tashi Delek.

Alright. Well we're at the New Moon, poised between the first two Sacred Moons, so the halfway point basically, between the Full Moon of the Christ and the Full Moon of Wesak or Full Moon of Buddha.

We also have Ramadan beginning and some other things. So there is a peaceful boost available for those who want to harness it. Now there will be many that won't want to harness it. As we are in a time period which I have defined as kind of an extreme polarization going on between peace and war ultimately, or Divine Feminine and unenlightened Masculine actually, if you want to look at it in

terms of that type of polarization. So our refuge is up into the Divine Feminine. We will have Mother's Day approaching. We will have another little boost of Divine Feminine energy for that.

I may be talking more about the influence of Neptune. If we correspond planets and chakras, Neptune is the Third Eye center and if you haven't already noticed there is a lot more telepathic communication.

You know, you might even look at the cat and notice there is a little almost crop circle vortex in the Third Eye and the cat is trying to tell you something about their life, their food, their whatever and other animals as well. Or just a lot of heat coming out of the Third Eye.

So Third Eyes are wide open and negative thinking is going full blast, just like positive thinking. And it is a time to perhaps tune into that energy as well. Most important is building up to the energy of Wesak because that is spiritual renewal or New Year for worldservers. That is kind of your pivot point. And it is a very important one.

Alright Dear Ones. As always, thank you and my love to you.
