Djwhal Khul here. Tashi Delek.

Alright. Well, July 4 of course is independence from Britain but I think that it has come to have kind of a global impact. It is also very close to the Dalai Lama's birthday and is representative of liberation in many ways.

We have a Siamese cat running in circles around the table. So her name is Precious. She has decided to jump down which is good.

Alright. So Liberation. Liberation and Freedom are kind of symbolic this week but we are also running into a Mercury retrograde and that one is in Leo. It will be retrograde until July 31 and then we have our hotspots coming probably July 15 to 25, is what I'm seeing. And I see anger, disruption, upheaval. Maybe some strong storms of nature, strong political storms. Big changes.

Big changes under way. So if you've got investment and things you want to plan ahead and double check where things are and then pay close attention to the way it is working out in the World.

Alright Dear Ones. Thank you and my love to you.
